December 20, 2006

Attn: **Mike Roberts**

Dear Mike,

I would like to express how impressed I was with your animal presentations on December 19, 2006. The students gave rave reviews. The setting prepared for the show was very effective and added interest. Your presentation was entertaining, fun and educational! What more could a teacher ask!

The question and answer session was great. Your knowledge about your animals was terrific. The students enjoyed seeing and touching the animals.

On behalf of the other teachers involved, the students and myself, I thank you for the time and effort you put into your presentations. I hope to have you back in our school next year. I will recommend you to anyone interested.

Sincerely,

Sharon Averitt
